PROFILE SUMMARY

I help businesses and individuals build **functional, scalable, and efficient digital solutions**.

I am a developer and entrepreneur with hands-on experience in **web development, software systems, and business-focused technology solutions**. As CEO of Flowisotech, I design and build platforms that solve real problems from websites to custom systems.

I don't just write code. I build solutions that **improve operations, increase efficiency, and create value**.

WHAT I CAN DO FOR YOU

- ✓ Build responsive and functional websites (HTML, CSS, JavaScript, React)
- ✓ Develop backend systems using PHP & MySQL
- ✓ Create custom business tools (inventory systems, dashboards, etc.)
- ✓ Fix bugs, optimize performance, and improve existing systems
- ✓ Turn ideas into working digital products
- ✓ Provide structured, reliable, and scalable solutions

KEY SKILLS
